

Safe. Convenient. Practical
REAL CHOICE OF THE BEST LOCK

BICYCLE LOCK

BICYCLE LOCK

KS-001 (Light Lock)

- The Heimdallr bicycle lock will simultaneously provide traffic safety and parking security. Safe, secure and convenience are the main characteristics of this new lock design. Ingenious integration of headlight, rear light and U lock, makes this an ideal tool for providing safety to the rider and anti-theft features for the bike itself. Our attention to product innovation, convenience and most of all, the care we share with all cyclists for the protection of the ride and the rider, reflects Kreima's brand values.
